AN INTRODUCTION TO CORPORATE ENVIRONMENTAL MANAGEMENT: STRIVING FOR SUSTAINABILITY

Greenleaf Publishing. Paperback. Book Condition: new. BRAND NEW, An Introduction to Corporate Environmental Management: Striving for Sustainability, Stefan Schaltegger, Roger Burritt, Holger Petersen, This book is designed to meet the urgent need for a comprehensive and definitive introduction and teaching text on corporate environmental management. It aims to become the standard textbook for courses examining how business can take the environment into account while also providing an accessible and thorough overview of this increasingly multidisciplinary subject for practitioners. Written by the internationally acknowledged experts Stefan Schaltegger and Roger Burritt (authors of the highly influential Contemporary Environmental Accounting) along with Holger Petersen, the book invites the reader to join in an exploration of the ways in which companies can engage in environmental management and why such engagement can be profitable for business. The reader is invited to: examine whether the contents reflect their own experience, take their experience further, or oppose their own views; note which of the ideas presented are especially important, add to those ideas, or encourage a reaction (positive or negative); answer questions creatively (based on their own perspective of the issues); encourage themselves to be inspired by questions, which can be investigated further through other written sources of information, such as books you will be guided to through the bibliography, the Internet or the general media; and think about and plan the ways in which the knowledge provided can be implemented in your own situation. The book is organised into four main sections. First, the fundamental ideas and linkages behind business management, the environment and sustainable development are briefly but clearly sketched. The second part of the book outlines the criteria against which environmentally oriented business management can be assessed and the fields of action in which success can be achieved. The third part presents a discussion...
