UPGRADE OF AN EXISTING CHEMICAL WASTEWATER TREATMENT PLANT

LAP Lambert Academic Publishing Sep 2014, 2014. Taschenbuch. Condition: Neu. Neuware - This book gives an overview of the modelling and design of biological wastewater treatment for undergraduate and graduate students in Environmental engineering. A real case study from one of the wastewater treatment plants in Norway will be presented in this manuscript. The first section of this book will describe the field of study and the different variants of biological processes. The second section will talk about the experimental...
