We do not publish light or inspirational verse, and prefer work that explores the truth, not stereotypes. We are open to the experimental, but will decline the clever. We welcome the provocative and views that are often marginalized or ignored in this region. We are unapologetic in our opposition to prevailing community standards. We publish all manner of poetry, fiction and experimental creative writing under 2,000 words, erotica, art, and photography. We are LGBTQ friendly and Progressive without being overly political.
