Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Story- Join Pippin the gerbil on his wacky adventures with Hannah. Follow him as he escapes into the attic, goes on a picnic, gets lost in the woods, meets some new friends and journeys back home. The Real Story - On Wednesday, March 8th, Hannah in our small group meeting for church shared some fun stories about her pet Pippin. I thought it would make a great children s book. I said jokingly that I would go home and write the book and they would see it on Amazon the next day. Well, I wasn t kidding. I literally wrote the book that night and submitted it to Amazon the next day. To my surprise, word of this book is travelling and people are actually starting to buy it. So please know that if you buy this book, although a great story, it may have some typos and grammar mistakes since it was published almost in real time. Maybe that s part of the charm of the book though as it was written just minutes after I had a spark of imagination of where to take the story. I should also mention too that all profits from the book go to the church of the small group that inspired the story.
