Forgotten Books, 2017. Paperback. Condition: New. Abridged edition. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Great Masters Great artist of the past as a free agent, early possessed of all the power and development acquired by long work against outside pressure, and to think of him as imposing the form of his ideas upon an easy world. Hence, sometimes we think of Albrecht Durer as bringing Teutonic art into Italy, while, of course, he is nothing more than a German student going to the land of greater art. We throw back into the early position of the great man the image of his full development; we make him out as conscious from the beginning of all his capacities. Instead of recognising in him the same laws that belong to other developments, we insist on his being all of one piece - as if, like Minerva, he had sprung all armed from the brain of Jupiter. In short, we forget that these men had to die long ago to obtain the authority which they hold to - day. It is possible that none of them achieved their best work, or carried out their intentions in full. Rubens and Raphael may have had some such chance, but we know that we see in Michelangelo and Rembrandt the expression of a struggle against outside necessities. To give a full account of the life of any great artist the history of each piece of work should be taken up as we take up the story of a general's campaign. I have not expressly stated these points in the brief essays. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
