Brand New Book ***** Print on Demand *****.Excerpt from To-Day s World Problem in Disease Prevention: A Non-Technical Discussion of Syhilis and Gonorrhoea The years of the great war have brought a sharp awakening of the American people to the need for facing the greatest present-day problem of public health. Almost over night we seem to have changed from a nation with its eyes shut and its ears stopped into a country alert, interested, and on the road to the full accomplishment of what had hitherto been declared impossible. In endless repetition the advocates of the doctrine of laissez faire have told us of the antiquity of prostitution and of the certainty that it would be with us forever in undiminished prevalence. They have said likewise that syphilis and gonorrhea and chancroid - that group called venereal diseases because of their commonest method of transmission - would never come under public health control, because they were secret diseases and different from other diseases. Therefore, the sufferer must be left undisturbed, to spread disease to others and to decay in self-neglect, unless chance information or...
