By Father John Cornoldi, S.J. Part I. Logic. London: Burns Oates. 1875. Quite a number of persons have recently undertaken the laudable but difficult task of preparing elementary works on philosophy. Cornoldi s Lectures or Lessons in Philosophy are to be speedily published entire, in an English translation, making two small volumes of from 300 to 350 pages each. A large part of the work is devoted to Rational Physics. The Logic, just now issued, contains the firmpcst and ilioost ncessiry part of pure and applied logic in a brochure of less than one hundred pages. It seems to be made as simple and intelligible to beginners as the nature of the subject permits. It is a defect, however, in the translation, that Latin terms are sometimes used without th- least necessity, and Latin quotations are left untranslated. We hope...
