Myra Sri, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Learn how to strengthen and support your energy, how to recover from negative interactions, how to identify just what is causing low energy. For all those experiencing energy loss issues, written by a health professional of many years experience. An essential book on understanding energy interactions in everyday situations. Learning to navigate through life in energies that are less than positive sometimes requires outside information or help. This book shares practical and proven techniques, easy exercises, effective solutions and self-empowering tools for the...
