FABER FABER, United States, 2013. Paperback. Book Condition: New. 300 x 224 mm. Language: English . Brand New Book. Siyahamba is one of the best-known African worship songs of recent times. It is presented here in a (mostly) homophonic arrangement that contrasts unison singing with three-part harmonies. As with lots of African, folk and gospel music, three notes cover all the necessary harmonies, but you can have lots of fun once you know the arrangement by adding more of your own, for example doubling at other octaves to create a thicker texture. Faber Choral Singles offer a series of beautifully crafted arrangements in a diversity of musical styles for today s choirs. From Broadway, pop and folk to spirituals, gospel and original works, the Faber Choral Singles series guarantees the perfect repertoire for every occasion.
