Brand New Book ***** Print on Demand *****.Excerpt from **Intramural Activities, October 1, 1990 September 31, 1991: Office of the Director** The Frederick Cancer Research and Development Center (FCRDC) in Frederick, Maryland, is a Government-owned facility, managed as a Federally Funded Research and Development Center by the following five contracts. Basic Research Contract to Advanced BioScience Laboratories, Inc. Operations and Technical Support Contract to Program Resources Inc. Animal Production Contract to Harlan Sprague Dawley, Inc. Computer Support Contract Library Support Contract to Data Management Services, Inc. The Associate Director is responsible for Center; a General Manager-Project Officer and a Contracting Officer operate through NCI management. During this reporting period, there were about 350 Government employees and 1,350 Contractor employees at FCRDC. A variety of research activities are carried out by both Contractor and NCI intramural personnel. Government-operated laboratories associated with NIAID and KINDS are also at FCRDC. A chartered FCRDC Advisory Committee meets twice a year to evaluate the overall operation of the center and to conduct peer reviews of programs under the Basic Research Contract; the Committee also evaluates services provided in other contract areas. Normally, laboratories within the Basic Research Program are reviewed once every three years, with about two reviews held each year. The Committee's evaluations and recommendations are submitted to the Institute Director, who holds final decision-making authority. The Committee met on November 29-30, 1990. A report was given on several construction projects, including the construction of a five-story building which will be used for studies in high-containment AIDS and cancer research. This building will house most of the Program Resources Inc. (PRI) AIDS Vaccine Development Program as well as intramural projects of high Institute priority. A new wing...
