Sterling Gate Books Ltd, New Zealand, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.THE CATCHER IN THE RYE ENIGMA unearths the mysteries surrounding the 1951 novel The Catcher in the Rye, by J.D. Salinger - arguably the most controversial book of all time. Nicknamed the Bible of teenage angst , the classic novel, which is frequently labeled immoral by different groups, has been banned in various parts of America over the decades. However, the main controversy, and indeed the most common reason for it being banned, was that it either inspired or was associated with some of the most infamous crimes of the 20th Century. These crimes include the murder of John Lennon and the attempted assassination of President Reagan. The allegation directed at Salinger is that he (and/or his publisher) craftily implanted into the book neurolinguistic passages, or coded messages, that act as post-hypnotic suggestions or mind control triggers. In turn, these triggers enabled CIA handlers to activate Manchurian Candidates for assassinations. Some conspiracy theorists also believe the novel was part of the CIA s now mostly-declassified mind control program MK-Ultra, and that while assassins were being brainwashed they were forced to read the book over and over until it was embedded in their minds. But given that Salinger s critically acclaimed masterpiece was one of the biggest selling books of the 20th Century, are the crimes it was associated with merely happenstance? Today, if a handful of different murderers had a copy of The Da Vinci Code or a Harry Potter book, or were all fixated on a similarly popular book, would it even make the news headlines? Novelists, filmmakers and independent researchers James Morcan Lance Morcan investigate these theories and counter arguments in THE CATCHER IN THE RYE ENIGMA -
