## COLLABORATIVE LEARNING SYSTEMS

Condition: New. Publisher/Verlag: AV Akademikerverlag | A Case Study | Revision with unchanged content. What are the benefits of fostering one of the most significant pedagogical shifts in recent decades -- from practices and heuristics based in instructivist and behaviorist theory to constructivist concepts and approaches, particularly as they take form in the activities comprising problem-based learning? How have multimedia technologies affected this shift? What are the advantages of transforming, through multimedia technologies, how information is imparted, how individuals discover...
