Recently relocated to sunny North Carolina, she's all too pleased to be leaving her old life--and the stigma of her troubled past--behind her. A new school, new friends, and not one but two hot guys vying for her attention, life certainly doesn't suck. But just as things seem to finally be going her way, a series of computer hacks puts her newfound happiness--and the lives of the people she loves--in jeopardy. Farris must put her amateur sleuthing skills to work and uncover the identity of the person behind it all before they graduate from harmless tampering to all out murder, even if it means risking her own life in the process.
