James, Neil Kelley, Two of the major parallel challenges facing businesses today are how to adapt to the changes of fast-paced, fragmenting markets and how to grow a business whilst engaging in recognisably sustainable practices. It is not enough to just be sustainable, it is about communicating it and getting the customer involved in the message. Ideal for senior marketing professionals and students on digital marketing or marketing strategy modules who wish to utilise the benefits of sustainable development and forms of digital marketing, this accessible and straight to-the-point book uses case studies to show how the marketing theories and tools work in actual business scenarios.
