

## Living in a Material World: The Commodity Connection

By Kevin Morrison

John Wiley and Sons Ltd. Hardback. Book Condition: new. BRAND NEW, Living in a Material World: The Commodity Connection, Kevin Morrison, At a time when the world is grappling with rising food and energy prices and climate change, Living in a Material World provides an insight into some of the contributing factors behind these challenges. The emergence of new consumers in China, India, Russia and the Middle East has added formidable competition to the natural resources that have been taken for granted in the developed world. Everything we consume involves the use of metals, fossil fuels or agriculture. Our high tech 'lifestyles' depend on the secure supply of these raw materials which we take from planet earth and use to make our lives more comfortable, more productive or more manageable. The effect of this increasing global demand for commodities has pushed up prices of materials from oil and copper to corn and wheat; forcing consumers to pay more for the many 'necessities' of life, from a loaf of bread to electricity bills. Since the commodity boom has unfolded, commodities have gone from the back page of the newspaper to the front; with more and more headlines about record food and...
