Space, dimension and the contents- mass and energy, and gravitational attraction are directly linked to time at a fundamental level. The evidence set out within the discussion of the Einstein Hologram Universe (E-H-U) empirically shows that space and its contents must stem primarily from time, and at least mathematically from a singularity which exists without dimension or time as we experience it. If you are looking for Einstein s hidden secrets, the secrets of the universe and unified field theory, you have come to the right place. Leave it to the theoretical physicists to prove that religion, the occult and fortune telling are legitimate sciences.
