O'Reilly Media, 2017. Paperback. Condition: New. Language: English . Brand New Book. BioCoder is a quarterly newsletter for DIYbio, synthetic bio, and anything related. You'll discover: Articles about interesting projects and experiments, such as the glowing plant; Articles about tools, both those you buy and those you build; Visits to DIYbio laboratories; Profiles of key people in the community; Announcements of events and other items of interest; Safety pointers and tips about good laboratory practice; Anything that's interesting or useful: you tell us! And BioCoder is free (for the time being), unless you want a dead-tree version. We'd like BioCoder to become self-supporting (maybe even profitable), but we'll worry about that after we've got a few issues under our belt. If you'd like to contribute, send email to [Tell us what you'd like to do](#), and we'll get you started.
