THE CALIFORNIA FRUITS AND HOW TO GROW THEM (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The California Fruits and How to Grow Them The writer desires to express sincere gratitude for the cordial welcome and patronage which the two earlier editions of this treatise have received, not only in California, but in other semitropical countries. At the time of the preparation of the first edition in 1889 there was no thought that it would find foreign fields of usefulness; it was merely the earnest hope of the writer that it would win its way as a safe guide to the extension of the fruit interests of California; and to that end no effort was spared to constitute the work an explicit and truthful statement of natural conditions attending fruit growing in California, and accurate descriptions of the practises which best minister to success under these conditions. The generous patronage bestowed upon the work by Californians for a decade is a demonstration that this purpose was attained, and it is largely owing to their cordial commendation that the work has extended so widely into foreign fields. It is profoundly satisfactory to the writer to have the assurance that the acceptance of the treatise as a faithful guide to practise in California has actually foreshadowed its popularity wherever the same fruits are grown; and, inversely, its acceptance abroad is indirect evidence of its accuracy and helpfulness in California. With such inspiration as naturally proceeds from these facts, the writer has for two years devoted such time as could be spared from other pressing duties to a thorough revision of the work, condensing portions which were diffuse or merely of passing, local interest, and expanding other portions which are of deep and lasting importance and in which California experience...
