MAPPING THE PSYCHE: THE PLANETS AND THE ZODIAC SIGNS VOLUME 1 (PAPERBACK)

WESSEX ASTROLOGER LTD, United Kingdom, 2016. Paperback. Condition: New. 2nd ed.. Language: English . Brand New Book. This book, a transcript of the first term of Clare Martin s introductory course in astrology given for the Centre for Psychological Astrology, continues her clear, insightful and innovative presentation of the basics of astrological study. In this first of three volumes, the basic building blocks of astrological language are presented, not in the dry, cookbook manner which mars so many astrology texts, but in the lively and relaxed format of the classroom. Questions from students punctuate the teaching, making the material accessible, fluent and immediately applicable to everyday life. The reader is taken on a fascinating journey through the solar system, the ancient planetary gods, and the energies and motivations symbolised by their astrological equivalents; and then through the signs of the zodiac, their elements and qualities, and the ways in which different planets express through them. The inclusion of the psychological dimension of human life, as well as the profound symbolism of alchemy as a parallel map of the individual journey, make this a fascinating in-depth exploration which will expand the understanding, not only of the student with no previous knowledge, but also of the most experienced astrological practitioner.
