Reviews

This ebook could be well worth a study, and superior to other. It really is basic but unexpected situations inside the 50 % of your ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Outskirts Press, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Hello, my name is Pam Breedlove Lear and I wrote the book, THE GIFTED. I got the idea for this book from a dream I had one night. I saw a very hairy boy like creature squatted down in the middle of the road as I was driving home from work from the hospital. I was afraid I would run into him with my car and I stopped my car right in front of him. My headlights were shining on him and I saw he was spinning something in the road with his finger. As I looked closer, I saw he was spinning a white skull around on the road. He turned and looked at me, then picked up the skull, put it under his arm and ran away on a country side road into the trees. The dream did not scare me, but I couldn t get it out of my mind. I told my husband Noah about my dream and told him I felt I was intended to write something, but didn t know what. I made 2 attempts but was unsuccessful. Still I kept thinking about it. Finally I prayed and told God if he wished me to write a book for him to please inspire me. This time I began to write with success and every day before I wrote I, prayed that same prayer and thus, this book was born. I am still writing, and have a second book already as a sequel to my first on the way. If you are interested in reading my book, go to or Barnes and Noble to request your copy. God Bless you, and thanks for listening. A True Test...
