Very good eBook and valuable one. Better than never, though I am quite late in starting to read this one. I am very easily satisfied with a good publication.

When Julian Moors returned from Thailand he left behind all his belongings, his father and only brother in Melbourne and moved to Sydney. One girl shattered his world and left him with more questions than answers. Behind the persona, Stevie Appleton tries to outrun her past. Nightmares and memories have started to collide, putting her future and her heart at risk. No one can know the secrets she tries to keep locked away, even if it means betraying the people she loves the most. Everyone has a story but not everyone has a past quite like Stevie and Julian. When they meet years later, don't expect a happy ending. The past holds skeletons and not even these skeletons can be buried.
