By Jim Hull, George Sauer

Createspace, United States, 2010. Paperback. Book Condition: New. Dr Christopher Green (illustrator). 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.In the chaos of Operation Desert Shield an aircraft carrier supply officer is tasked to complete a four week supply load-out in only 4 days. In the Pacific Ocean, a U.S. Naval ship's only enlisted quartermaster responsible for navigation suffers a heart attack at the start of an 11,000 mile crossing, yet they continue their journey. In each of these cases the Navy personnel found that a crisis imposed stringent limits which then presented opportunities for a resourceful solution when using the proper problem-solving techniques. In this book you will learn that there is always a better way. It is only a matter of belief and exploration that can lead to new, better solutions. We will guide you through real-world Navy examples, take a look at the Apollo program that could have been and analyze an innovative solution for a manned Mars mission. Understand this process and how it can be used, before the need arises, to create a better future.

This ebook is worth purchasing. It is written in straightforward words and not hard to understand. You will not feel monotony at any time of your respective time (that's what catalogs are for about in the event you ask me).
