Reviews

The most effective book i at any time read through. It is definitely simplistic but surprises in the fifty percent from the ebook. Your daily life span will probably be enhance once you full reading this ebook.
(Jules Dietrich V)

NUGET 2 ESSENTIALS

Packt Publishing. Paperback. Condition: New. 116 pages. Dimensions: 9.2in. x 7.5in. x 0.3in. A clearly written guide for .NET developers who want to get to grips with the NuGet package manager. Filled with practical examples, it leads up to teaching you how to set up your own internal server. Overview Easily find and refer third-party libraries from your projects Create packages from your class libraries for others to use and publish them to the official NuGet gallery Host your own internal NuGet server and publish packages to it In Detail NuGet has made the process of finding and referencing libraries from Visual Studio much easier and has strongly contributed to the expansion of an open source ecosystem. In the three years since its release, it has become an essential tool for both consuming and publishing class libraries for the .NET framework. A concise and practical guide to everything that NuGet has to offer to both consumers and publishers. Through many hands on examples, NuGet2 Essentials will demonstrate all of NuGet's features and teach you how to use them in everyday development in a .NET framework. Starting out by using NuGet for consuming third-party libraries, this concise guide continues with a detailed look at creating your own packages, and ends by teaching you how to set up your own internal server. Through practical examples, you will learn to manage versions of installed libraries on all development and build machines. You will also discover how to create packages for your own libraries so they can be easily consumed, no matter how much configuration they require. By hosting an internal server, you will have full control of packages being used in your development environment. By the end of the book, you will know about everything that NuGet has to offer, and...
