Penguin Putnam Inc, United States, 2006. Paperback. Condition: New. Reprint. Language: English . Brand New Book. So Charlie brings home Blue Sky, a baby raven with a big personality. Blue Sky imprints on Charlie and becomes a great friend and a source of amazement to the whole family. Granddad, an old naturalist, is intrigued, and he does seem to get better-at least for a while. But caring for a wild creature is very demanding, and as Blue Sky grows, Charlie must find a way to protect him from the many dangers-both natural and human-made-in the rugged Teton Mountains where they live. Weaving natural history, myth, and a family narrative about life and death, Jean Craighead George demonstrates once again why she is one of the most admired children s writers today. Blue Sky will take his place in readers hearts beside Frightful of My Side of the Mountain as one of this author s most compelling animal characters.
