Brand New Book ***** Print on Demand *****.Excerpt from The New Psychology, Its Basic Principles and Practical Formulas However, an acquaintance with the soul, with its perceptive and expressive power, has caused us to analyze the direction of his mental activities. I will discuss herein later the various sources of discovering that there is in man something beyond sense perception and reflex action, but only declare the truth of the discovery now. The scientific study of another department of mind, which is spoken of as the subjective or psychic division has been mainly through hypnotism, which in the hands of the scientific student has disclosed mental powers, so different as well as so superior to the phenomena of the ordinary consciousness that the next serious error to thinking the intellectual of the objective was all the mind, was to conclude that there are two minds. The authors who have helped us greatly were under this impression of duality, and almost showed a line of demarkation between the subjective and objective minds. Further researches convince us that there is but one mind or soul in...
