This item is printed on demand - Print on Demand Neuware - Essay from the year 2007 in the subject German Studies - Linguistics, printed single-sided, grade: 1,7, University of Birmingham (German Department), course: Seminar: The Origins of the German language , language: English, abstract: 1. IntroductionDue to the fact that the sound shifts belong to the most important sound change events, which contributed to the origin of many European and particularly the German language, and furthermore also created phonologically interesting changes, this work deals with the subject of the First and Second Sound Shift. At the beginning of my essay I like to give a brief historical description of the early study of the sound shifts which was mainly found by Jacob Grimms pioneer work in the area of the philology and furthermore I will describes the sound shifts in general. Since the terms First and Second Sound Shift lead to the assumptiona that there is a direct connection between these two phenomena of the sound change, the methodology of the representation and description of one sound shift concerned is applied with a high similarity to the other...
