Brand New Book ***** Print on Demand *****.This is a narrative drawn from the era of the Southeast Asian conflict, detailing a unique event in that lengthy struggle. It so differed from the many others, however, in its execution and outcome, that it stands alone. For the first time in contemporary warfare, heavy jet bombers were employed in their designed role to conduct extended strategic operations against the warmaking capacity of a hostile nation. This monograph tells part of the story of Strategic Air Command s participation in LINEBACKER II. That book revealed an across-the-board ability to radically change complex procedures and tactics on short notice, and a commensurate ability of aircrew and support personnel to execute them to near perfection. In reviewing their story we find insight as to why the nation and the military need this caliber of people, who stepped forward when...
