How to Homeschool Math - Even if you Hate Fractions!! is a humorous and lively parent-to-parent chat about the ups and downs of homeschooling math. This groundbreaking and insightful book outlines a foolproof method, not only to teach your kids math - but to get them to love it too! She calls it Full-Contact Math, and anyone can do it! This book answers many of the questions homeschool parents have about math: Which curriculum should I use? How much math should my child do each day? How much help should I give my child on math? What level should my child be at for his age? What should he take first: Algebra or Geometry? When should I get a tutor? What the heck is Pre-Algebra ? How on earth can we homeschool Calculus?! .and most of all: Why does my kid HATE math? .and how can I change that? In this sometimes serious, sometimes laugh-out-loud funny book you will learn why whatever curriculum you do choose is just one of many things...
