Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book is a process that s commonly used in psychology, it s styled in a dialogue of statements, to teach you to see your own better judgement. I used pieces of my own journey to help build a guide and show the cause of social disorders from my personal perspective. it s deliberately vague and personal for my own best interests, peoples personal lives are there own, but at the same time when you become aware of something of value it s your obligation to share it. even if it s been said a thousand times before. The unintentional consequence of our actions are what rule half the world. I included a subliminal message at the back of the book called after thoughts for your amusement and education, it helps to understand the conditions we live in. psychology is just reacting. Once I woke up and shook off the fog that had been clouding my vision, I realized, I was in a far different world than I remembered. Now I am surrounded by the broken-down remnants of my old self, that disguise that I had built with such painstaking care over the years. I must force myself too look at it so I will never forget who I was, but at the same time, I can t help wondering. This book is a product of my own psychoanalysis. It is meant to be a thought provoking lesson to inspire you to delve into your own thoughts and discover who you are. It was strange when I thought of trying to change myself, first off I didn t think there was anything wrong with me to begin with. after it was done...
