Reviews

This ebook can be well worth a go through, and far better than other. Sure, it can be enjoy, continue to an interesting and amazing literature. I am just delighted to tell you that this is the greatest book i have got study within my personal daily life and could be he very best publication for actually.

(Miss Susana Windler DDS)

ON EPIDEMICS: SPIRITUAL PERSPECTIVES

Rudolf Steiner Press. 1 Paperback(s), 2011. soft. Book Condition: New. "If we can bring nothing up out of ourselves except fear of the illnesses which surround us at the seat of an epidemic, and if we go to sleep at night filled with nothing but thoughts of this fear," wrote Rudolf Steiner, "then we create unconscious replicas, imaginations, which are drenched in fear. And this is an excellent method for nurturing bacteria." The founder of the spiritual philosophy he dubbed anthroposophy meaning "wisdom of the human being" as well as the originator of Waldorf schools, biodynamic farming, and other influential institutions and ideas, Austrian philosopher Rudolf Steiner (1861-1925) wrote some 30 books and delivered thousands of lectures across Europe. The extracts in this volume, based on brief, pithy quotations from Steiner's collected works, present his core concepts on epidemics of thought as well as disease; rather than full discussions, they are intended to open up avenues into the complexity of Steiner's extraordinary world of ideas. 66.
