Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.As a parent I had a fantastic experience teaching my young child to read and write. On many occasions, while teaching him, I used a method that worked to help him learn and compose many words very quickly. As a result of this experience the idea for this children s book arose. The first book created was The Hat in That, and Catch the Cat is now the second book of the series. The book s concept centres on the simple fact that many English words are composed with other words integrated into them. I m not referring to compound words, but words with other words hidden in them, such as HAT in THAT, or CAT in CATCH. It s a simple concept and it doesn t work for all words in the English language, but it does work for many. In this book, Catch the CAT, I have carefully selected another 25 words which I ve used to create fun and lively word rhymes, short stories and tongue twisters, which children just love to say and sing.
