Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This unique book gives Christian parents a new resource for teaching morals and virtues to their children and young adults. The cool and unique feature of this book is that the moral lessons of the Bible are collected and presented by topic or subject. More than twenty topics such as honesty, justice, forgiveness, modesty, and service are discussed. Each lesson can be covered in about fifteen minutes. Illustrated Bible stories, parables, and folk stories from around the world are used to keep things interesting and to make the topics come to life. More than one hundred illustrations accompany the text. This book is much more than just a collection of stories. Instead, the stories follow an introduction of the topic and the stories serve to illustrate the points of the topic. Each story has a message and the moral of each story is discussed. To engage the readers, discussion questions follow each chapter. The chapters end with a suggested prayer. There is no job more important than parenting. But parenting takes a lot of work and a lot of time. It can be especially tough to teach life lessons to children. The good news is that this book of lessons gives you a nicely organized resource to make the teaching job easier. Although young adults can read this book on their own, this book is really intended to be read together as a family. In reading together, the messages are strengthened, shared, and commonly understood. Hopefully, the lessons will serve as a family code of conduct and set of values. Although many of the stories in this book could be enjoyed by toddlers, this book is really targeted at older children...
