This pdf is wonderful. It really is written in simple terms instead of hard to understand. It's been developed in an exceedingly simple way and it is just after I finished reading this ebook in which in fact modified me, altered the way in my opinion.

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. High school stinks. One minute you're riding the express train to ultimate popularity and the next minute you plummet to the ranks of the school outcasts. Alicia wanted to start her first year of high school off by not bullying others, but pressure from friends and her own need to be the most popular girl in the new school overtakes her self-control. Just like the misconceptions that tore her friendships with Nia, Grace, and Lelia apart in middle school, her actions of flirting with the most popular girl's boyfriend and sending out a sexting picture turns her life from bully to bullied leaving Nia, her former friend and bane of her existence, to rise back up as the popular girl in school. Meanwhile, her other former friends Grace and Lelia head in two different directions. Grace retreats to her faith as Lelia dives deeper into depression and suicide. Is one girl's sacrifice enough to mend the relationships in time to save another?.
