Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.If you re a fly fisherman, coarse fisherman, or you just love a superbly-written collection of short stories then look no further than this thought-provoking book. This is a collection of stories with fishing at its core. Now, if you re thinking that this is the kind of book that depicts a tranquil (perhaps even sedate) selection of short fishing stories, you d be very much mistaken. It s so much more than that. This refreshing collection is full of rich fodder, with twists in the tales, romance, ghostly events, competitive loggerheads and a wonderful sample of country life and all its idiosyncrasies. The author s acute perception of people, personalities and quirky take on life makes this a real gem of a book. The stories span generations, and present plenty of stimulating concepts. And each story contains a deeper underlying message that will give readers much to contemplate when fishing for trout at the lakeside, or on a fishing adventure holiday. From school reunions and sneaky kids to tackle shop temptresses and fishing legacies, this is a collection that you can dip in and out of time and time again. For the keen anglers, there is much to enjoy - fishing tackle talk, fishing tales, and the odd secret tip here and there - and the lay reader will simply enjoy this well-crafted and satisfying fly fishing book for what it represents. Previously published by a respected monthly fishing magazine, this selection of short stories and verse have been brought together as a treasure of fishing tales to choose from.
