

In the Quest for Political Philosophy

By Raju Parulekar

Indus Source Books, Mumbai, 2017. Soft cover. Condition: New. Xii +163pp. In the course of human evolution, culture, art, isms, wars, organisations, leaders, wins and losses, are all a part of an extensive, continuous political process. Ancient cultures, both Eastern and Western, their grandeur, the little political milestones in the world that we live in today, Balasaheb Thackeray or the RSS, Communism or Narendra Modi. all of this is an evolved outcome of discussions and direct, exposed thoughts on art, incessant conflicts in the world, and the transformation and progression that start out of it. In this book the writer, through his different essays, has studied this canvas in a myriad ways and has undertaken its explosive analysis. Whether it is art or then gender relationships, everything is a part of politics; in fact existence itself is politics, its range and scope dwarfing the so-called great men and organisations. Their unambiguous, candid, and explicit analysis then becomes a missile that tears through our everyday living. That is exactly what happens in this book. The analysis here is also the moral of the story. And thats how the odyssey continues.
