

Chemical process and safety [Paperback]

Filesize: 5.54 MB

Reviews

Most of these pdf is the best book readily available. It usually is not going to expense a lot of. Its been printed in an exceedingly easy way which is only soon after i finished reading this publication in which actually transformed me, change the way i really believe.

CHEMICAL PROCESS AND SAFETY [PAPERBACK]**DOWNLOAD**

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Publisher: Chemical Industry Press; 1st edition (February 22, 2010). Chemical process and safety. safety engineering personnel training must learn important lessons. The book provides a comprehensive systematic introduction to the knowledge of the chemical production process of the reaction principle, processes, devices and equipment, as well as the typical process safety technology and safety engineering, risk analysis and control technology; especially in conjunction with the production practices production of safety cases for analysis, practical guidance on current safety and production. The book emphasizes basic, practical, focusing on integrating theory with practice. Learning, students not only grasp the theory of chemical process safety knowledge and develop practical ability; but also to enhance students' self-learning ability and creative thinking, to improve the overall quality of the chemical safety technology and engineering management. The book is one of the series of textbooks written for the safety engineering training senior personnel, not only for business process and safety management learning, reference, but also for institutions of higher learning safety engineering for Textbook Selection. Contents: 1.1 ethylene pyrolysis of ethylene and ethylene polymerization process safety technology and engineering, physical and chemical properties of polyethylene 1.2 Properties and Applications 1.3 Pyrolysis process and reaction mechanism of the process 1.5 1.4 furnace pyrolysis pyrolysis shortness of breath cold and quench change 1.6 cracking process heat 1.7 compression system process conditions 1.8 cracked gas cryogenic separation process 1.9 ethylene polymerization process 1.10 ethylene polymerization process safety analysis 1.11 Analysis of fluidized-bed process 1.12 tubular loop reactor process 1.13 pyrolysis process of fire and explosion risk analysis and control technology 1.14 separation system hazardous analysis and control technology 1.15 ethylene tower and propylene tower hazardous analysis and control...
