

## Information Control Problems in Manufacturing Technology 1989: Volume 13: Selected papers from the 6th IFAC/IFIP/IFORS/IMACS Symposium, Madrid, Spain, 26-29 September 1989 (Hardback)

By International Federation of Automatic Control

ELSEVIER SCIENCE TECHNOLOGY, United Kingdom, 1990. Hardback. Condition: New. Language: English . Brand New Book. The Symposium presented and discussed the latest research on new theories and advanced applications of automatic systems, which are developed for manufacturing technology or are applicable to advanced manufacturing systems. The topics included computer integrated manufacturing, simulation and the increasingly important areas of artificial intelligence and expert systems, and applied them to the broad spectrum of problems that the modern manufacturing engineer is likely to encounter in the design and application of increasingly complex automatic systems.
