Chas; H. Brow: From an Awful Imprisonment The preface to a book is very often nothing more than a respectable cloak, allowed by the conventionalities of literature, in which an author may wrap his excuses and apologies for troubling the public with his lucubrations. This dressing up of excuses in order to introduce them into notice under another name, is a thing so tempting to poor human nature, such a pleasant little offering to self esteem and vanity, that it would be very hard if authors were to be debarred from a luxury in which all their fellow mortals indulge. Yet, if it be true that a good wine needs no bush, it is equally true that a good book needs no excuse; and in this age of ready writers, it is very certain that no excuse or apology can justify the publishing a bad one. To apologise for poor or careless writing, because there has not been time or opportunity to make it better, provokes the question, What necessity was there for writing at all? - a question not always easily answered.
