

The Parihaka Cult

By Kerry Bolton

Black House Publishing Ltd, United Kingdom, 2012. Paperback. Book Condition: New. 213 x 135 mm. Language: English . Brand New Book ***** Print on Demand *****.The colonial invasion of Parihaka in 1881 and the arrest of its self-styled prophets Te Whiti and Tohu, have become a major part of the New Zealand narrative that has been revised to inculcate a guilt complex into European, especially British-descended, New Zealanders in the interests of tribal agendas. As such, the Parihaka legend ranks alongside America s Wounded Knee and South Africa s Sharpeville as part of a world-wide offensive against the past, present and future of European-descended peoples. Dr Kerry Bolton delves deeply into the huge body of extant historical documentation, contemporary to Parihaka s founding prophet, and lays the entire, lame-fantasy bare for all to see.
