CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 218 pages. Dimensions: 8.5in. x 5.5in. x 0.5in. It has been 25 years since Ron saw Grace's photo on a book she coauthored and knew inside that she was the one he would marry someday, and eventually traveled 4,000 miles to find her. Ending up together seemed normal to them because they believe in the probability of magic - that we all have the power to draw to ourselves whatever and whomever we need to fulfill our purposes and to share real love. Grace is a regular Contributor to The Huffington Post, and Ron is a medical doctor turned boardroom coach. Writing together, they draw on their experiences as a bicultural blended family, plus their lifetime studies of the mind-body-spirit connection and their teaching and corporate-coaching with couples, parents and children. Live On Purpose! is a collection of their most impactful posts from their blog at gracederond.com. As a guidebook for partnering, parenting and living well, it wraps cutting-edge insights and step-by-step advice in humorous and heartfelt stories that empower as they entertain. Life can be exceptionally good when we figure out that we're the ones doing it all - and that we can do it better by doing it on purpose, through the greater part of ourselves rather than the lesser. By using our feelings as guidance and directing our thoughts intentionally, we can take charge of our lives! This item ships from La Vergne, TN. Paperback.
