Over recent years Vanessa has garnered a reputation for solving crimes - including murders, thefts and blackmail attempts - but never before has she faced an unknown victim. She is at a loss to know where to begin. As Vanessa considers what to do, her first important clue arrives in the form of Ernest Dixon, who is worried by the disappearance of his favourite actress; a young woman named Ivy Elliot, who was playing the part of Ophelia. Could the missing girl and unidentified body be one and the same woman? Forced to go undercover to continue her research, Vanessa stumbles across an amazing and revolutionary discovery, which not only helps her to solve the case but will have a major impact worldwide.
