Brand New Book ***** Print on Demand *****.Health Promotion in the Workplace is a valued reference for anyone who designs, manages, evaluates or studies workplace health promotion programs. Authored by a team of program managers and scholars who have designed and managed programs in several thousand settings, conducted hundreds of program evaluations, and published thousands of scientific studies on the most effective approaches, this 722 page book provides the rare combination of practical perspective combined with conservative scientific rigor. The earlier editions have been used by tens of thousands of professionals around the world. The overall book is organized around the Awareness, Motivation, Skills and Opportunity (AMSO) Framework, which was first articulated by Dr. Michael P. O Donnell in 2005. Our hope for them is to provide a tangible sense of how programs should work, so they know how to hire the best...
